WAVE THE OCEAN, WAVE THE SEA

**Instructions:** First couple joins hands and walks to center of ring. When they get there, balance swing, then to the couple on the right and, holding hands, go through the couple. As they go through, this couple should spread out and walk on either side of the lead couple the length of the ring. Now both couples travel backwards until in original position, then reverse this procedure. That is, the lead couple on the outside (see insert) then back, and circle four and do si. Then the lead couple balance swing again and lead to third couple. Then fourth, and next couple out and same.
